DSI Announces Partnership with Inspire

DSI is pleased to announce a new partnership with Inspire. This partnership will give DSI dealers the opportunity to offer clean energy solutions to their customers that will not only put the customer's needs first but also our environment.

"We are excited to add Inspire to our line of product offerings that we currently carry. This is a great opportunity for our dealers to provide their customers with an option to support clean energy. We look forward to a long and successful relationship with Inspire." -- Doug Robison, President and CEO of DSI Systems

"I have had the privilege of working with DSI for over 20 years and know the value of their industry-leading work and superior service. I couldn't be more excited to partner with DSI and build a network of dealers providing Inspire's evolutionary clean energy products to millions of customers across the country" -- Mike Courtney, Executive Vice President, Sales and Member Experience of Inspire.

About DSI

DSI offers many opportunities in the indirect dealer space for dealers and vendors. We offer competitive advantages for our dealer partners and the products they sell, both commercial and consumer. We partner with our dealers on many levels: sales management and execution, product and offer training, marketing expertise, software solutions, engineering and warehousing and logistics. We are dedicated to serving dealers with quality customer service and convenience. This is accomplished through individualized service, strong product offerings, a fast and efficient delivery system and Territory Managers across the country to help you grow your business. To begin a working relationship with DSI, retailers are invited to call (800) 888-8876 or visit DSI at www.dsisystemsinc.com.

About Inspire

Inspire is a mission-driven, clean energy technology company subscribing people to a world where clean energy is the smart choice. Founded in 2014 as a new approach to an antiquated industry, Inspire makes it easy for consumers to switch to clean energy, reduce their reliance on fossil fuels, and join the fight against climate change. Inspire's innovative subscription model and suite of services allow customers in competitive markets access to clean energy, enabling them to instantly reduce their carbon footprint and make a significant impact in our collective goal of a sustainable future. Inspire's team of engineers, creatives, activists, and scientists is the next generation of renewable energy leaders who have the expertise and drive to answer the call-to-action of our shared home and redefine the status quo together. With more than 200,000 members, Inspire uses its profit as a force for good to make a greater collective impact. Inspire is a privately held certified B-Corp, with headquarters in Santa Monica, CA and Philadelphia, PA. For more information, please visit: www.helloinspire.com
